

Hello, I manage all the financial affairs and driving force of our clients; also holding two postgraduate academics feathers. Since 2000 walking with social sectors for making the difference in the organisation and individual levels with various aspects apart from finance.

Training and Evaluation is another core expertise to re-arrange the vision/mission of the organisation for the cause. Together we can make a difference what I believe towards the holistic approach in my journey.

Dare to Dream and Learn to Excel!  
Thank YOU!
